

THE PROGRESSIVE FARMER.

FOUNDED 1886.

PUBLISHED WEEKLY BY

The Agricultural Publishing Company.
(Organized 1903.)

DIRECTORS AND STOCKHOLDERS:

CLARENCE H. POE, President.
T. B. PARKER, Secretary-Treasurer.
O. W. BURKETT.
B. W. KILGORE.
J. W. BAILEY.

OFFICE: 106 WEST MARTIN STREET

SUBSCRIPTION RATES:

Single subscription, 1 year.....\$1.00
Single subscription, 6 months......55
Trial subscription, 3 months......30

SUBSCRIPTION RULES:

Be sure to name both old and new addresses in ordering change of postoffice.

When sending your renewal be sure to give exactly the name on label and postoffice to which the copy of paper you receive is sent. All business correspondence should be addressed to, and all checks and money orders made payable to, "THE PROGRESSIVE FARMER, Raleigh, N. C."

RENEWALS.—The date opposite your name on your paper, or wrapper, shows to what time your subscription is paid. Thus: "1 Jan. '05," shows that payment has been received up to Jan. 1, 1905; "1 Sep. '03," to Sept. 1, 1903, and so on. Receipts for renewals will be given in change of date on label. If not properly changed within two weeks after money is sent, notify us.

DISCONTINUANCES.—If a subscriber wishes his copy of the paper discontinued at expiration of subscription, notice to that effect should be sent us. Without such notice, to continue taking the paper from the mails is to become responsible for payment of subscription, and all arrears must be paid when paper is ordered stopped.

WHITE-BLAKESLEE MFG. CO.

FARM WORK MADE EASY

By Use
of
"Blakeslee"
Engine

Why should you cling to the old
methods of doing your work, when
at a very small investment you
can buy a small engine especially
adapted to pumping, feed grind-
ing, churning, corn shredding, and
ALL KINDS OF FARM WORK.
Write at once for prices on the
"BLAKESLEE" FARMER'S ENGINE
and ask for catalog G of irrigation
and spraying outfit.

**White-Blakeslee
Mfg Co.,
Birmingham, Ala.**

Does Saving ONE or TWO MEN At the Cutter Mean Anything

in ensilage cutting time? Self Feed on "Ohio" cutters does that and more, and increases capacity 33 1/3%.

1903 "OHIO" Blower Elevators

solve the Blower problem. They successfully elevate ensilage into silos up to any height, as demonstrated by abundant proof in 1903 catalogue. 10 and 12 H. P. Engines drive Nos. 13, 16, 18 and 19 Cutters with blowers, and all other sizes "Ohio" Ensilage Cutters. In capacity "Ohio" Cutters lead; 10 to 30 tons per hour.

1903 Shredder Blades (patent applied for) are interchangeable with knives, all sizes. They put corn stalks into best condition for feed, running at normal speed.

Our absolute guarantee goes with every machine. Made by

The Silver Mfg. Co., Salem, Ohio.

"Modern Silage Methods" 10 cents, coin or stamps.

SUCCESS Manure Spreader

Leads every other machine for the mechanical spreading of manure. Its superiority appears in the fact that it is a distinct improvement on the Kemp Spreader, which we still manufacture and which has been the typical Spreader for 25 years. Spreads all manures of every character and condition and all commercial fertilizers. Pulverizes and spreads evenly, thick or thin, broadcast or drills in rows, any desired quantity per acre, unloading the largest load in 3 to 5 minutes; apron automatically returns to position in the next 65 feet driven.

A SPECIAL FEATURED MACHINE

for convenience of handling and perfection of work. Notably superior in its Beater Freeing device, Direct Chain Beater Gear, Speed Regulation and Automatic Return of Apron. Positive and dependable in all movements. Simplest in gear, lightest in draft, least chance for breakage. The driver never dismounts for any purpose but controls everything from his seat. Made in four sizes and sold under strongest guarantee as to materials, workmanship and duty. Investigate fully before buying. Catalogue with valuable chapter on farm fertilizing mailed free.
